

**Specifications - Dayliter Model ATCM
(Aluminum Thermally Broken Curb
Mounted) for Acrylic skylights:**

Curb mounted thermally broken skylights shall be Dayliter model # ATCM _____ as manufactured by Dayliter Skylights in Langley, BC, Canada. The skylight shall be a factory assembled unit consisting of a T6063 thermally broken extruded aluminum frame in (black) (brown) (white) powder coated baked enamel paint finish. All corners shall be welded. The skylight shall be fastened together with stainless steel screws penetrating the side of the skylight.

Glazing materials shall be (double) (triple) (acrylic) (polycarbonate) (domes) in (clear) (white) (bronze) with a uniform air space between the domes and a perimeter moisture flange (*no-leak guarantee*) stretch formed into the top (acrylic) (polycarbonate) layer to eliminate water penetration.

The condensation gutter with weep holes in all four corners shall be an integral part of the unit.

Standard and Custom Sizes are available.

Dayliter Dome ATCM

Dayliter Ridgelite ATCM
