

## **ACRYLIC SKYLIGHT CLEANING INSTRUCTIONS**

1. To clean your Dayliter acrylic skylight use ordinary soap (Ivory) and water with a soft cotton cloth or sponge
2. Grease, tar or paint can be removed using Methyl hydrate (wood alcohol), turpentine, naphta or kerosene and a soft cotton cloth. Rinse with soap and water.
3. DO NOT USE: Detergents, abrasive cleaners, petroleum products, thinners, scrapers or paper towels.
4. Minor scratches can be removed with Novus plastic polish (available from Dayliter) or a thin layer of auto polish and a light buffing with a soft cotton cloth.

**The Brighter Idea**
